I'd never roasted coffee before my Job at Peace Coffee. My first Head Roaster was Keith Tomlinson. Over the years we got to know eachother very well. He helped me grow in so many ways.... Coffee Roasting, cupping, Blend development, roast profile development, music, filmy Poetry, and mediatation. But Mostly he helped me grow as a Person! I'm a better Person today because of Keith. His Journey has taken him on Another Path. He may be gone but he'll never be forgotten at Peace and in my heart! D. D.
